Bellaire, TX 77402-2671

To Whom It May Concern:

On behalf of the Board of Trustees, staff and most importantly, the people who will benefit from your generosity, thank you for your donation of \$1,750.00 to TIRR Foundation. This gift will help support medical research, education and patient care dedicated to rehabilitation for those people with physical disabilities.

TIRR Foundation is proud to sponsor Mission Connect, a vibrant medical research project conducting groundbreaking research to discover cures and improved treatments for spinal cord injuries, traumatic brain injuries and stroke. The Foundation also supports two unique programs for physically challenged children: Camp Xtreme, an exciting overnight camp, and TIRR Hotwheels, a competitive youth wheelchair basketball team.

Your support will have a positive impact on the lives of thousands of individuals who have sustained spinal cord and brain injuries.

Sincerely,

Cynthia Adkins  
Executive Director

Gift Amount: \$1,750.00
